

A Word from the Librarian

June 2010

Some of you may not know that Don and I have been working on the Census. It has been a reminder of the blessings that God has given us personally. It has also been a wake-up call to the needs in this area. When you knock on doors for a few hours you meet many hurting people. I hope and pray that our church can find a way to reach out to some of the people we have come in contact with.

Score with Books Summer Reading Club has just started. So, if you and your family have not signed up yet there is still plenty of time to complete all the requirements. Come into the library today and sign up. Remember parents, you can meet all your requirements by watching family movies or listening to CD's with your children. That way everyone in the family can receive credit for those items. Youth, you can also receive credit by watching movies or listening to CD's. The Youth and Adult requirements are only 6 items and they can all be multi-media items (not books). Children ages 0-7 and ages 8-12 can use one multi-media item in each category, so you will have to read a few books. Remember that the library is giving a free ticket to the Biscuits Baseball Game on Saturday, July 24 to everyone that completes the requirements for their age level. There will also be fireworks that night after the game. Please plan to join the fun this summer! If you have never participated in our reading club before come into the library and we can show you how easy it will be to get started, and go to the Biscuits Game with us on July 24 for FREE. You must complete the requirements to get a free ticket.

In Service to Christ,
Marty Woodall
