

A Word from the Librarian

January 2010

Today is a New Day, A New Year, and a NEW BEGINNING. Our church is experiencing new growth in all areas. It seems that we are not only growing in numbers but also in commitment to ministry. People are stepping up in ministries that are out of their comfort zone. I do believe that God is working. He will continue to bless if we are obedient to His commands. I hope that each one of us will continue to grow this year in our love for God, our spiritual life, family life, commitments and our dedication for each other and our commitment to REACH the lost. But the second part of the theme says once we have reached the lost, then we must TEACH everyone that is committed to Christ. Therefore, we need to be committed to study His Word. The third step in the process is to take what we have learned and apply it to MINISTERING to all we meet. All of this is a tall order and the only way that we can accomplish it is to depend on the Lord, pray continually, be willing and stay focused.

I hope that the library can help each of you with the process. The library here has many great resources now. In addition, we will continue to add to those resources. The Library Team really wants to support your spiritual growth and commitment to ministry. Please make the library one of your first stops when you begin something new!

In Service to Christ,
Marty Woodall
